

DIAMOND J-D GELBVIEH BULL SALE

OCTOBER 18, 2025

1:00 PM

**16353 RINGWOOD ROAD
BARNETT, MO 65011**

WELCOME TO DIAMOND JD GELVIEH 1ST ANNUAL PRIVATE TREATY BALANCER AND GELVIEH BULL SALE!

Dear Valued Customers, we are coming to you with some exciting changes. Since the beginning, in 2009, we have sold our breeding stock private treaty. This October, we want to offer you an equal opportunity to purchase any bull in the offering by silent auction. All bulls will be semen-tested and ready for the breeding pasture.

We will not be offering our Spring 2026 bulls by private treaty as they will be kept for the Fall 2026 sale.

- Producers, no bull will be sold before 1 PM on October 18. When you arrive on October 18th, you will be given a supplement sheet with each individual bull's base price between \$3,500.00 - \$5,000.00.

Procedure for our private treaty sale:

- We ask that each potential buyer fill out a buyer card when they arrive at the farm. Each buyer's card will be assigned a bidding number.
- Slips will be available for you to fill out on bulls you are interested in buying. Some people need only two bulls, but will sign up for as many as 10 bulls, and that is just what we want people to do. Do not hesitate to put your name on all bulls you have interest in, because once you fill your order, you are not obligated to bid on any more bulls.
- Your evaluation on the bulls will help determine the sale order. We will start the sale with the bull who has the most slips, and the second bull to sale will have the second most slips on down the line.
- Containers to place your slips will be available in the assigned area.
- Make your selections before 12:30 PM.
- As each bull comes up for sale, the auctioneer will announce the names of the bidders for that particular bull. Once the bidders have been located, they can remain at their table, hold up their bid cards, and bid from the comfort of their seat. As the auctioneer raises the bid in \$100 increments, the bidders are asked to continue to hold their cards up until the bid on the bull exceeds the maximum price he or she may wish to pay. The auctioneer will continue raising the bid until only one bid card remains aloft. In case all bidder numbers are lowered at the same time, the bidder with the lowest number on his bid card will be the purchaser of the bull. If you have any questions on the bidding procedure, contact us.
- Bulls with only one price slip will be sold to that person at the base price printed on the supplement sheet.
- Pending DNA on several bulls will be updated on the supplement sheet sale day.
- Sight unseen purchases. If you can't attend the sale, and you want to buy, give us a call about our guaranteed to please purchasing agreement. All bulls are guaranteed to meet your approval, or you don't own them.
- Free trucking will be available within a 100 mile radius.
- Reserving 50% semen interest on all bulls.
- Not responsible for accidents.
- Sale location: 16353 Ringwood Road, Barnett, MO 65011
